

On-site Physical Certifications

Dear Treating Physician:

Your patient drives a commercial vehicle and is subject to California and Federal regulations. Among them are requirements that there be no medical conditions that would adversely affect the driver's ability to drive safely on roadways. There is concern for the commercial driver as well as other drivers.

The medical condition for which you are treating the patient that may compromise his/her safety as a driver, including but not limited to:

Type 2 DM

Additional information is needed to assure that he/she meets the involved regulations. Please confirm that the patient is seen regularly for this condition, that he/she is compliant with his/her treatment, that he/she is not experiencing side effects from his/her medication, that he/she has had no hypoglycemic episode, and has no complications associated with his/her condition. His/her most recent HbA1c result is also needed.

Your assistance is greatly appreciated. Please don't hesitate to call me directly.
